Re: Spirit knowledge

By COPILOT

Details:

GENERAL:

- The caster may submit queries to an Ancestor questions about a specific event, thing, or language from the Ancestors era.

- This spell attempts to gain some of the Ancestors knowledge.

- This is a Commune spell that allows communication via Ae'Em to the ancestor,
  - An Ae'Em is a Nae'Em with an Ancestor spirit that does NOT reside on a PMP,
  - All Nae'Em connections can be broken by powerful arcane magics.
    - If an Ae'Em is broken it may be re-established using this spell with a 30 minute rollout.
  - Only one Commune spell may be active at a time.

THIS SKILL DOES DO:

- Allows an Ae'Em communication to the selected Ancestor even though the Ancestor is not on a PMP.

- The accuracy and veracity of the information is determined by a GM's Save roll,
  - GM rolls a Save based on the casters Skill save, adjusted by the difficulty
    This spell answers simple questions within Ancestor knowledge,
    Complex questions/topics require the Ancestor to 'Delve' (Request Ancestor to Delve spell).
    - <u>Success on the GM's Save Roll for the Ancestor provides accurate information</u>,
      - If the roll is a standard success then not all information about the Topic is revealed because the spirit does not know **all** the facts.
      - If the roll passes with a critical success a complete and accurate answer is given.
    - <u>Failure on the GM's Save Roll for the Ancestor gives INACCURATE information</u>,
      - means the Ancestor failed to find accurate information regarding the Topic.
        - If the roll is a standard fail then the answer is 'unknown',
        - If the roll is a critical failure the answer is false and/or incorrect information, because that 'may' be what the ancestor believes, but is still wrong.

THIS SKILL DOES NOT DO:

- Does NOT guarantee cooperation from the Ancestor,
  - The Venerator's relationship with the Ancestor affects success.

- Does NOT generally provide information about events far removed from the Ancestors era.

- Does NOT allow other Commune spells to be used by the caster while this spell is active.

Circle Created

Details:

Creates a 3 Sq Radius circle designated by ornated chalk designs.
Once spell starts outline fades to be unseen.

For timing purposes the circle is enacted on initiative 17:

Anybody wishing to jump randomly into the center (to have the random push)

- Does require the caster to maintain concentration,
  - i.e. the caster must stay awake throughout the Rollout.
  - i.e. other activities that require concentration may not be done.

DOES: -- work only on the pmp plane

Once spell starts any creature / item will immediately be teleported Outside:
-- either to the nearest outside area or (if nearest is in question)
-- or to a random location just outside of the circle.

Each teleport outside the AOE is done if the MGC:2 save passes.
-- The caster rolls a MGC:2 save to ensure the teleport works.

Regardless of the distance between the caster and the circle the caster is always aware of the

circle enacting (even if the MGC:2 save fails).

GM

Re: Spirit Knowledge

By COPILOT

Details:

GENERAL:

- Caster asks an Ancestor to delve for info about a topic outside the Ancestors knowledge,
- The Ancestor will look to other non-Ancestor spirits that are willing to share what they know.
  - The other spirits are usually willingly share information because then they move on.
- This is a Commune spell that allows communication via Ae'Em to the ancestor,
  - An Ae'Em is a Nae'Em with an Ancestor spirit that does NOT reside on a PMP,
  - All Nae'Em connections can be broken by powerful arcane magics.
    - If an Ae'Em is broken it may be re-established using this spell with a 30 minute rollout.
  - Only one Commune spell may be active at a time.

THIS SKILL DOES DO:

- Allows an Ae'Em communication to the selected Ancestor even though the Ancestor is not on a PMP.

- Attemps to provide information beyond the Ancestors knowledge.

- The accuracy and veracity of the information is determined by a GM's Save roll,
  - GM rolls a Save based on the casters Skill save, adjusted by the difficulty
    Some topics will be more difficult and will have a larger detriment (Save Roll -01 to -60).
    - <u>Success on the GM's Save Roll for the Ancestor provides accurate information</u>,
      - If the roll is a standard success then not all information about the Topic is revealed because the spirit does not know **all** the facts.
      - If the roll passes with a critical success a complete and accurate answer is given.
    - <u>Failure on the GM's Save Roll for the Ancestor gives INACCURATE information</u>,
      - means the Ancestor failed to find accurate information regarding the Topic.
        - If the roll is a standard fail then the answer is 'unknown',
        - ***If the roll is a critical failure the Ancestor passes on to the afterlife.***

- Duration: Delving requires the Ancestor to spend time contacting other spirits,
  - To find the Duration: Divide the Save Roll adustment by ten (e.g.- Adj of -40 = 4 days.)
  - If the Duration is purposely changed from 1-6 hours to 1-6 Days then the Save Roll gains a benefit of +40.

THIS SKILL DOES NOT DO:

- Does NOT guarantee cooperation from the Ancestor or the other spirits,
  - The Venerator's relationship with the Ancestor affects success.
