Re: Spirit knowledge

GM

By COPILOT

Details:

GENERAL:

- The caster may submit queries to an Ancestor questions about a specific event, thing, or language from the Ancestors era.
- This spell attempts to gain some of the Ancestors knowledge.
- This is a Commune spell that allows communication via Ae'Em to the ancestor,
 - An Ae'Em is a Nae'Em with an Ancestor spirit that does NOT reside on a PMP,
 - All Nae'Em connections can be broken by powerful arcane magics.
 - If an Ae'Em is broken it may be re-established using this spell with a 30 minute rollout.
 - Only one Commune spell may be active at a time.

THIS SKILL DOES DO:

- Allows an Ae'Em communication to the selected Ancestor even though the Ancestor is not on a PMP.
- The accuracy and veracity of the information is determined by a GM's Save roll,
 - GM rolls a Save based on the casters Skill save, adjusted by the difficultyThis spell answers simple questions within Ancestor knowledge, Complex questions/topics require the Ancestor to 'Delve' (Request Ancestor to Delve spell).
 - Success on the GM's Save Roll for the Ancestor provides accurate information,
 - If the roll is a standard success then not all information about the Topic is revealed because the spirit does not know all the facts.
 - If the roll passes with a critical success a complete and accurate answer is given.
 - Failure on the GM's Save Roll for the Ancestor gives INACCURATE information,
 - means the Ancestor failed to find accurate information regarding the Topic.
 - If the roll is a standard fail then the answer is 'unknown',
 - If the roll is a critical failure the answer is false and/or incorrect information, because that 'may' be what the ancestor believes, but is still wrong.

THIS SKILL DOES NOT DO:

- Does NOT guarantee cooperation from the Ancestor,
 - The Venerator's relationship with the Ancestor affects success.
- Does NOT generally provide information about events far removed from the Ancestors era.
- Does NOT allow other Commune spells to be used by the caster while this spell is active.

By COPILOT

Details:

- Damage is dealt on any type of physical contact, including melee combat.
- This cage can be used with a Perimeter of Containment to double up on the protection.
- Creates a mish-mash of crossing 'cables' which fences in inhabitants.

Touch=3d6+ACU, Bars=120 HP.

Passing Brute Save means an opening has been made in that one wall.
Thus that one wall is passable since the Brute save was passed.
Even if the save has passed the damage from the force cage to the creature takes place.

2nd way pass any wall of the cage is to destroy the wall via weapons.
Once the wall's HP is down there is an opening in the wall.
Damage to the wall for this method can be done by spells as well.
When this kind of attack happens the attacker does not take damage.
Damage is only done to the attacker when the attacker physically touches it.

Bars are spirit bars with 60 HP per 5 ft wall

Circle Created

By COPILOT

Details:

Creates a 3 Sq Radius circle designated by ornated chalk designs.
Once spell starts outline fades to be unseen.

For timing purposes the circle is enacted on initiative 17:

Anybody wishing to jump randomly into the center (to have the random push)

- Does require the caster to maintain concentration,
 - i.e. the caster must stay awake throughout the Rollout.
 - i.e. other activities that require concentration may not be done.

DOES: -- work only on the pmp plane

Once spell starts any creature / item will immediately be teleported Outside:
 -- either to the nearest outside area or (if nearest is in question)
 -- or to a random location just outside of the circle.

Each teleport outside the AOE is done if the MGC:2 save passes.
 -- The caster rolls a MGC:2 save to ensure the teleport works.

Regardless of the distance between the caster and the circle the caster is always aware of the circle enacting (even if the MGC:2 save fails).

Re: Spirit Knowledge

GM

By COPILOT

Details:

GENERAL:

- Caster asks an Ancestor to delve for info about a topic outside the Ancestors knowledge,
- The Ancestor will look to other non-Ancestor spirits that are willing to share what they know.
 - The other spirits are usually willingly share information because then they move on.
- This is a Commune spell that allows communication via Ae'Em to the ancestor,

THIS SKILL DOES DO:

- Allows an Ae'Em communication to the selected Ancestor even though the Ancestor is not on a PMP.
- Attempts to provide information beyond the Ancestors knowledge.
- The accuracy and veracity of the information is determined by a GM's Save roll,
 - GM rolls a Save based on the casters Skill save, adjusted by the difficulty
 Some topics will be more difficult and will have a larger detriment (Save Roll -01 to -60).
 - Success on the GM's Save Roll for the Ancestor provides accurate information,
 - If the roll is a standard success then not all information about the Topic is revealed because the spirit does not know all the facts.
 - If the roll passes with a critical success a complete and accurate answer is given.
 - Failure on the GM's Save Roll for the Ancestor gives INACCURATE information,
 - means the Ancestor failed to find accurate information regarding the Topic.
 - If the roll is a standard fail then the answer is 'unknown',
 - *If the roll is a critical failure the Ancestor passes on to the afterlife.*
- Duration: Delving requires the Ancestor to spend time contacting other spirits,
 - To find the Duration: Divide the Save Roll adustment by ten (e.g.- Adj of -40 = 4 days.)
 - If the Duration is purposely changed from 1-6 hours to 1-6 Days then the Save Roll gains a benefit of +40.

 - Mementos (25 pts)
 - Current Focus Items (200 pts)
 - Past True Names (75 pts)
- Very often any and all the kinds of the 'Ems are just called Nae'Em.
 - It's not of extreme importance that a player or character get it exactly correct. :)
- Does work a process during the Rollout:
 - The number of 'Ems for the 1 square is revealed.
 - Caster must choose 1 of the 'Ems with no further clues.
 - Caster must pass the Save, if so the caster has found this end of an ae'Em:
 - Caster is informed of what color (if any) has been found.
 - The colors are: A Nae'Em (name) shows brown, an Ae'Em (Animal) shows green, a Vae'Em (Venue) shows blue, a Tae'Em (Thing) shows yellow, a Cae'Em (Construct) shows Red.

If the 3rd person stays the new cycle starts over with them as a victim as well.

cycle description:
adds to the Save Roll used at the end of a fragility cycle that was created from a spell.
typically disease/sickness have a Save cycle of 1 day (24 hours).

This will add +20 to the infected persons Save Roll, making it easier to get out of their system.

this spell does not need to be cast multiple times, in fact will not help to do so.
a single casting will continue for 5 cycles. (5 days)
